NAVICON: A New Window into Consecrated Life

Rome, September 29, 2025

On the feast of the Archangel Gabriel, patron of communicators, **NAVICON** is officially launched—an innovative digital platform designed to present Consecrated Life to new generations in an authentic and intimate way.

NAVICON responds to the need to share the richness and diversity of Consecrated Life in a language that is both contemporary and meaningful for young people discerning their vocation.

"We want to provide a space where Consecrated Life is shown as it truly is: a profound, transformative and life-giving choice," explain the team members. "It's not just about providing information, but sharing real stories of men and women who have found meaning in their dedication to God and others."

Accessible at www.naviconsagrada.org, the platform features content such as:

- "A voice that speaks to the heart"
- "Beyond barriers into the world"

These sections share genuine vocation stories of consecrated individuals deeply touched by Christ, choosing to live a countercultural life.

The "Unfiltered Conversations" section offers spontaneous, unscripted testimonials from young people sharing their experiences.

NAVICON highlights areas such as:

- Education
- Health and social care
- Missions
- Support for migrants and refugees
- Justice and peace

- Ecology
- Family and youth accompaniment

It's a collaborative initiative inviting Religious Congregations, Institutes of Consecrated Life, and Monasteries to unite in offering a shared testimony of their mission in today's world.
